

FREE PUMPKINS!

*It's PARTY TIME at the Bank
And You're Invited*

Pacific State Bank, where you're a stranger only once, will open its new Torrance Branch on FRIDAY, OCTOBER 26, and we hope you'll drop by to help us celebrate.

The Time: 10 A.M. to 6 P.M.

The Place: CARSON SHOPPING CENTER, NORMANDIE AVE. AT CARSON STREET

Celebrities, Gifts, Entertainment, Refreshments, Tours AND . . .

*Miss Judy Swanson, our bank's Cinderella queen
will give away a Halloween pumpkin to each child!*

(We hope everybody shows up because we'd hate to be stuck with all these pumpkins.)

Your host,
KEITH PISCHEL
Manager, Torrance Branch
PACIFIC STATE BANK

Christopher Calls for End to Inflated State Bureaucracy

San Francisco Mayor George Christopher, candidate for Lt. Governor, told a fund raising dinner at Cerritos College Saturday night, that promises of the present state administration mean either higher taxes, a red-ink budget or more indebtedness.

"Democrats and Republicans throughout the state have had enough of all three during the past four years," Christopher observed.

"Californians have learned within the past four years the high cost of state government—and they don't want it to go any higher."

"YET WITHIN the past few weeks of this campaign, the opposition has promised to set up a new State Department of General Services, expand the economic development agency, set up a statewide planning unit, accelerate vocational training, and increase a broad scope of state programs and services.

"California cannot be run on a tankful of empty promises, and we cannot build our prosperity if we have to break some promises to keep others.

"But we can meet our responsibilities as the nation's foremost state with a positive, productive program—and this is what we are presenting to the voters."

"INSTEAD OF doubling our bonded debt again for the next four years, let's put a legal ceiling on California's indebtedness, in order to preserve the fiscal integrity of the state.

"Instead of running ninth in industrial expansion among all the states of the nation, let's give free enterprise greater encouragement and inducements than ever before to come to California and create the 1,600 new jobs we need every day to keep pace with our population.

"Instead of wasting the sec-

ond highest office in California, let's make the lieutenant governorship a productive trouble-shooter for the governor.

"Instead of lagging behind other states in our expenditures for school children, let's make California first in education—and give every segment of the state a representative voice on the University of California Board of Regents.

"INSTEAD of inflating bureaucracy with more patronage positions under the guise of efficiency and reorganization, let's give our state employees a smooth administrative structure of government so they can do the efficient job they know how to do.

"Instead of treating our minorities like political pawns, let's create for all the people of California an atmosphere of real economic opportunity and equality.

"There is a great difference

want to hold the job—and our challenge in these final 17 days of this campaign is to make it clear that we want to do the job, we are able to do the job, and we will do the job right for California."

Auto Repair Special!

BRAKE RELINE AND OVERHAUL WHEEL CYLINDERS **\$22.50** (Parts & Labor)

Hi-Shear Earnings Reported

George S. Wing, president of Hi-Shear Corp., of Torrance, announced fiscal first-half operating results for the 19-year-old designer and producer of fastening systems.

For the six months ended Aug. 31, 1962, sales were \$2,889,135, and net income, after taxes, amounted to \$46,866, or \$0.09 per share, based on 515,340 common shares outstanding at Aug. 31, 1962. These results compared with sales of \$2,956,370, and net income, after taxes, of \$174,428, or \$0.34 per share (based on 515,340 shares) for the six months ended Aug. 31, 1961.

Wing commented, "While net income for the first half of our current fiscal year has been disappointing, we feel that a number of factors indicate a much-improved picture for the second half." Wing pointed out that heavy, non-recurring, start-up costs for several new products had been completed in the first half, and that expansion and modernization of plant, equipment and office facilities were now complete, which would result in improved efficiency in meeting production and delivery requirements.

"Orders received in the month of August, 1962," Wing stated, "reached a record high of \$1,080,000 and our backlog increased 52 per cent from \$986,400 at Feb. 28, 1962 to \$1,504,500 at Aug. 31, 1962."

"The outlook is for continued improvement in all facets of our business."

EVEN NEWER BEHIND THE WHEEL!

You'll never know how really new a 1963 Cadillac can look until you've seen it from the driver's seat. For only in action does this great car reveal all its secrets.

Here's a hint of what you have in store: A newly refined engine so silent you won't be quite sure it's running—until you touch the accelerator pedal.

And then! The instantaneous response will bring you quickly up to date on Cadillac's new true-center drive line. For as the big car glides away from the curb and down the road, you'll experience a wholly new sensation in smoothness. The exclusive design and precision assembly of the new Cadillac drive line

makes the flow of power from engine to rear wheels incredibly smooth under all load and road conditions.

And while you're at the wheel, be sure to adjust it to your favorite angle. This year, the new Cadillac adjustable steering wheel moves easily to six different positions. It's an extra-cost option, convenient for the family and especially refreshing on long journeys.

But these are only a few of the seventy ways in which Cadillac performance, ride and handling have been advanced in 1963. Make an early date with your authorized dealer to sit at the wheel of a new Cadillac. It's the world's nicest place to sit.
